

Ald. Wilson, Still in Doctor's Hands, A. F. Ewing Advocates Candidature for Mayoralty

Gives Reasons, at Big Meeting in King Edward School, Why Wilson Should Be Elected—Practically All Candidates for Council and School Board Air Views

Because his physician absolutely refused to assume responsibility for the result if he should leave his home, Al Wilson was once more unable to attend the meeting. He was, and, at the King Edward school, on the South Side, Thursday night, A. P. Wilson, who is a member of the board, the majority candidate. The meeting was attended and there was considerable discussion of the subject. The majority of the speakers. Nearly all of the speakers were members of the board. The board were present and J. M. Douglas, M. P., was in the chair. The meeting was held at the hotel. It was said by saying that the tax situation was obtained from the bank to meet this obligation. I don't live banks. I don't suppose you have any more. We have then just the same and are about to be taken care of. I don't think it is not good business to abuse the bank manager from whom you have borrowed money. I don't think a man can do that, the man who has lost everything, who is a bankrupt, and who has no further capital. He is able to tell his creditors that he cannot pay.

But the city of Edmonton is not bankrupt. It must borrow money to meet its obligations. I don't think it is good business to abuse the bank manager from whom you have borrowed money. I don't think a man can do that, the man who has lost everything, who is a bankrupt, and who has no further capital. He is able to tell his creditors that he cannot pay.

...the months ago some of our doctors called to request our aid. They had an idea of repudiation out of our mind. If we did repudiate our obligations in forty-eight hours the fact would be known in every financial centre of the country in three days would be known all over the world. Edmonston failed to pay its debts. The city of Edmonston would be a marked

place, where no money would be spent and no assistance given. It would be a terrible blow, not only to the city's

There are two kinds of expenditures which the city makes. One is the fixed expenditures, principal and interest on the city bonds, and the other is the variable expenditures, which no man in control of the city can alter. The other is the controllable expenditure, such as the money spent for the police and fire departments, the cost of civic govern-

city of the future, which we all look forward to its becoming.

Joseph A. Clarke

Joseph A. Clarke, referring to Mr. O'Connor, who had spoken in behalf of Alderman Wilson at the Norwood school meeting the night before, alleged that Mr. O'Connor was a

and cannot be undone. In the second place, it lies on you and me as much as upon anybody. Money by-laws were routed down in sheaves and passed without question by the ratepayers. There was no voice raised to say, "spend less." It was rather "spend more." A man who protested would be "shifted" and had told several people that he intended to vote for Clarke. The speaker accused Mr. O'Connor of unprofessional conduct in a number of instances.

He ridiculed the idea of the city's being bankrupt, when it had \$70,000,000 in real estate and \$70,000,000

have been called a "bocker." We all wanted to be known as "boosters." These borrowings were made, under agreement with the bankers, on the basis of interest at a specified rate and to set aside a certain amount for a sinking fund every year to pay the bond at maturity.

Wilson Approves Method

The city has now reached a point at which the burden of taxes levied to

these necessities has grown very severe. Many citizens cannot pay their taxes. They want to, but they can't. I also lose the money. This tax burden can be relieved in several ways, of which Mr. Wilson heartily approves, and which, if elected, he will endeavor to put into effect.

The first way is by the cutting down of the controllable expenses. This has been done to some extent, but it may be carried still further, not by cutting down salaries, but by such means as reducing staffs and curtailing work in every possible manner.

Then there are the payments which are made to the contractors. At \$1,000,000, which had to be paid by the people and, in addition, the mayor went down to Winnipeg and entered into some kind of a deal which resulted in a reduction of \$10,000,000.

The speaker exhorted the chairman, as one of the city's representatives in the federal government, to which the reconstruction

the city is required to pay into the sinking fund each year. An arrangement could be made whereby the payments could be deferred for four or five years until the growth in population of the city and the increases in prosperity would make it easier to take care of them, until we got over a peak of this financial stress.

The third way in which the taxes will be reduced is in the school expenditure. The city is entitled to a larger grant from the province for the support of its schools and high schools training teachers who will rank all over the province, yet we receive a comparatively small grant, highly insignificant when compared with what you are paying. The state is not encouraging enough.

In the assessment reduction for 1918 over that of 1917 by the city council the reduction in Norwood was cut 20.1 per cent; Norwood extension, 20.7 per cent; Westwood, 35 per cent; Evanston, 30 per cent; New Hayman, 38.7 per cent; North Inglewood, 32.6

It is for the citizens of Edmonton get behind the mayor and promote industrial warfare, to increase production, to increase population, so that we may better bear the burden of taxation.

Type of Man Needed

These measures can only be understood by a safe and sane, careful and competent individual or set of individuals. The city council, in a spirit of wisdom, by talk of revolution, by talk of repudiation. The men elected to charge the affairs of the city next year must be a man of ripe judgment, mature experience and have the ability to handle the affairs of a big business. It is because, in my opinion, Alderman Wilson more closely

measures up to these requirements in his opinion that I am supporting Alderman Wilson in this case. An amount totalling some \$212,000 will be due from the city by the first of January, and an advance must be

Social Service League Puts Questions to Candidates

3. At a meeting of the executive of the Houston Social Service League held Friday evening, a discussion arose in connection with the civic situation. Some attention was given to the problems dealing with the moral conditions of the city, and the attitude

the incoming council towards the present situation. Believing that the people are very considering these matters and they would be assisted in deciding on the candidates for whom they had cast their ballot on Monday if they were familiar with the persons of the great assembly, enabling the people to arrive at a decision which

News of the District

WESTLOCK
Bulletin News Service
The Spanish influenza has been an unpleasant visitor here for some time, but we hope in a few days to be entirely rid of the epidemic. Most of the cases were light, except a few in which the patient got up too soon and got a chill.

The first of the victims here was Ernest Miller, who died on the 12th inst. He and his wife had been working in a road near Westlock all summer and fall. They were married in Montreal last Christmas and intended making their home here. When Mr. Miller fell a victim to the epidemic (through caring for his wife who had been ill first) the widowed bride suffered such a nervous collapse that she was at first unable to accompany the body to their former home. However, her brother came up and accompanied her on her return journey. Many kindresses were shown Mrs. Miller in her bereavement, which will never be forgotten.

Another victim was Harry Rogers, of Manitoa, who formerly lived here when his father conducted a livery and feed business. Deceased thought he had completely recovered and got up too soon with fatal results. Last week another victim fell in the person of Leslie, the twelve-year-old son of Mr. and Mrs. J. H. Harper. Like many other cases the whole family were ill at the same time but seemed to be recovering when the little lad developed cough, and he succumbed to the later attack.

Schools and churches have been closed for over a month, but we are in hopes they will be open again next week.

All public meetings were also forbidden. For this reason Mr. W. J. Bultin twice postponed his auction sale and finally sold his goods privately. Mr. and Mrs. Bultin have been settlers in this neighborhood for the past twelve years. They owned one of the finest farms at Edmon, but sold to Norman MacLean over a year ago, and since then have lived in the village. They intend going to Edmon for a short visit before going to B.C. in the autumn of Mr. Bultin's ill-health that they are making this change. They will be greatly missed in the community, but their many friends here wish them good luck and good health in their new home. At present they are the guests of Mr. and Mrs. J. H. Pettit.

O. B. Prosser is installing an electric light plant this week. He will be able to light several buildings besides his own.

The Merchant Bank of Canada has opened a branch here in the building formerly occupied by J. C. Kemm's harness shop and began business this week.

Mr. John McLaren is putting up a

good sized harness shop on Main street.
Mr. J. Donat made a business trip to Edmonton last week.
Mr. Neilson, of Hays, Sask., is now working in Saskatoon.
Mr. Arthur Bentley, who has been ill with influenza, is now at the Shaganappi hotel for some time, is able to be about again. He leaves here in a few days to join his wife in Edmonton. After a short stay there they intend moving to the coast.

Mr. J. G. Stanton, who came up to A. G. W. Bentley, is building an addition to his store.
Mr. J. G. Stanton, our popular druggist, who enlisted some time ago, is home on active service.

Mr. L. R. Pettit suffered a painful accident in the past week, being hurt by one of his cattle. He is able to be out again, but is still suffering from the effects of the accident.

Mrs. M. F. Overton has purchased a new residence at the corner of 11th and 12th streets. The new house is a two-story affair, and is being occupied by Mr. and Mrs. Overton.

Mrs. Wm. McDonald has been very ill, but is now recovering.

Mr. John Martin and family moved into town this week.

Westlock, Nov. 28th.

LEIDIC
The following resolution, passed by the Leideu Board of Health, has been forwarded to The Bulletin for publication.
A correspondence has appeared in the columns of The Edmonton Daily Bulletin issued on dates Nov. 21st, 22nd, and 23rd, relative to the methods adopted by the Central Board of Health of the Leideu district for combating the epidemic influenza in the district, and which charges particularly that the medical students (general) and assistant nurses who came under the direction of the Provincial Board of Health to render assistance in the work, have contributed to the spread of the disease.

"When this charge against the medical students and assistant nurses appeared to be false, and the Leideu Board of Health, in the charge as it appears in the said article, is intended to be a libel, and the charges are generally believed to have been instrumental in carrying the disease."

"It is therefore Resolved:—That this board place upon record its high appreciation of the efficient, disinterested, untiring and heroic services rendered to the Leideu district by Messrs. Field and Henderson (medical students) and Misses O'Brien, English, Henry, McGregor, as well as by the local medical and nursing staff."

"That a copy of this resolution be forwarded to the Edmonton Daily Bulletin for publication."

Deputy Chairman Health Board, "A. G. C. WALKER, Secretary Board of Health, Leideu."

CANADIAN AIRMAN AWARDED HONORS

LONDON, Dec. 5.—The following have been awarded honors to the Canadian Airman:—
Lieut. Clifford McEwen, formerly of a Saskatchewan regiment, destroyed 20 aeroplanes on the Italian front 20 months ago.

Flying Cross

Decorations
Captain J. A. Scott, formerly of the Foresters, dropped over 50 tons of bombs.

Decorations
Lieut. Victor McElroy, formerly of the Engineers, attacked troops and captured a machine gun.

Decorations
Lieut. Harold McEwen of Lachine, caused much damage and inflicted heavy casualties with brilliant dash and resolution.

Decorations
Lieut. Meredith Haskell, brought accurate information despite severe hostile attacks.

Decorations
Lieut. Thomas Hobbs, deceased, formerly of the Canadians and enlisted at Winnipeg, drove off two German aeroplanes and continued his patrol.

Decorations
Lieut. Col. A. C. Maund, formerly of Eighth Battalion.

PARENTS OF MEN RETURNING HOME POUR IN HALIFAX

Halifax, N.S., Dec. 5.—Parents of home-coming Canadian soldiers returning into Halifax and cities as far west as Vancouver are taking every opportunity to meet the men at the point where they disembark. It is necessary to still further restrict the conditions under which the members of Canada's victorious army are being returned to their homes.

The despatch depot west realizes it is stated the paramount desire of the Government is to get the men home as soon as possible, and for this reason the Government is endeavoring to get the men to their homes with the greatest dispatch.

But the Government has come to Halifax for the purpose of accomplishing the return of the men to their homes as expeditiously as possible, and for this reason the Government is endeavoring to get the men to their homes with the greatest dispatch.

Everything for the Electrical Home

There's a Double Economy in Wearing RUBBERS

Of course, rubbers save your shoes—save the valuable leather, and make shoes wear longer. That's the economy you can recognize and appreciate.

But—there's another saving when rubbers bring you and the children safely through the wet Fall and severe Winter without even a cold—when you don't have to lose a day from work or spend a cent for medicine.

Isn't that the greater economy? To guard your health—prevent you from being ill—protect the children—save your money.

Look to your rubbers—see that toes and heels are sound and free of cracks—if not, get each pair of shoes fitted with its own size and shape of rubbers. Do the same for the children. Then you'll get long wear and comfort.

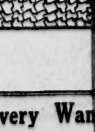

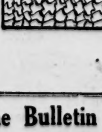

Do it now—and be prepared for bad weather.

There's a style and shape for every shoe—for men, women and children—in these six Dominion Rubber System brands, carried by the leading shoe stores:—

"Jacques Cartier" "Granby" "Dominion" "Maple Leaf" "Daisy"

These marks on Rubber Footwear distinguish a Dominion Rubber System Product.

Ask for these brands—they give the best wear.

Mayoralty Candidate has unbounded faith in future of Edmonton

Charles E. Wilson

Resident of City since 1903, has helped to build up City. Alderman for three years

Now Runs For Mayor

Charles E. Wilson, whose confinement to bed through illness has prohibited him from attending the political meetings of the past few evenings, is now able to be about again, and in all probability will be a speaker at most of the large meetings throughout the balance of the campaign. Mr. Wilson is this year a candidate for the office of mayor of Edmonton for the year 1919, after having served as an alderman since 1915, during which years he has been a member of the parks and market and of the utilities committee, and also as chairman of the finance committee.

Mr. Wilson is one of Edmonton's successful business men. Coming to Edmonton in 1905, he was soon in business for himself. During the early years of his residence here he invested his savings in Edmonton property and consequently is today a large taxpayer.

He is thirty-nine years old, being born at Brighton, Digby County, N.S., in 1879. As a boy he made his own way. His father died when he was eleven years old, leaving him to earn his own livelihood and education. His practical knowledge of finance and business has been learned in the school of experience. Mr. Wilson is a practical man, and from his first experience on the home farm, and later in contract work and the lumber business, has had to fight his own way.

Mr. Wilson understands the necessity of establishing industries in Edmonton, and is not afraid to do his part in assisting in a material way. His interests in Edmonton are extensive and being of independent means, will be able to devote all his time to the interests of the city. Mr. Wilson is a man of the people, and has unbounded faith in the future of Edmonton. He is firm in the belief that Edmonton is destined to become one of the very foremost cities of the West, and that the future of Edmonton depends to a very great extent upon the unity and co-operation of all classes of citizens for the betterment of the whole.

Three years on the city council have given to Mr. Wilson the practical and thorough knowledge of Edmonton's civic affairs that would be of greatest benefit and help to any man holding the mayor's office. He is a hard and determined worker and is held in high esteem by all who know his business ability and integrity. He has been a most regular attendant at council and committee meetings during the past three years, and his opinions upon matters of civic import have carried much weight of influence with his colleagues. A synopsis of Mr. Wilson's platform in the present mayoralty campaign follows:

- Prosperity for Edmonton, first and last.
- The establishment of manufacturing industries.
- The housing problem—building sanitary homes under healthful conditions. Survey of city sanitation.
- The utilization of the exhibition grounds as public park and playground.
- The equalization of city taxation.
- Rigid economy and careful handling of city utilities.
- Re-calculation of debentures to lighten tax burden.
- The general upbuilding and progress of the city.

Edmonton Influenza Death Rate Compared to New York
 Six million population of New York, 127,000 cases influenza reported, 2 1/2% of population took the disease. Due to good city sanitation.
 Population of Edmonton, 52,000; 8,600 cases of influenza reported; 10 2-5% of population took the disease. Bad housing and sanitation.
 Number of deaths in New York, 20,000—1-3 of 1% of population. Number of deaths in Edmonton, nearly four-fifths of 1% or 140% greater than New York's death rate to percentage of population.
 Percentage of population infected with disease in New York, 2 1/2%. Percentage of population infected with disease in Edmonton, 10 2-5%, or 40% greater total infection to percentage of population than New York.
 This shows the great neglect and inefficiency of our city.
 Administration and Health Department, especially of sanitation, housing and application of modern preventive medicine.
 These figures are given to correct the impression left in one's mind by reading the editorial in The Bulletin of December 5th, which would lead one to believe that the old saying about the classes of people who use figures is still true.
 In addition it should be in mind for the purpose of comparison with Edmonton, that New York City never closed its theatres, schools, or work places.
 Your Vote and Influence respectfully solicited for

JOSEPH A. CLARKE

FOR MAYOR FOR 1919

Committee Rooms: 911-913 Jasper Avenue—Phone 6236 - 2371
 Mr. Clarke will address meetings tomorrow night in the SEPA-RATE SCHOOL HALL.
 Saturday Afternoon: Ladies Meeting in the TRADERS AND LABOR HALL, to which numbers of the Non-Als are specially invited.
 Saturday Night: LABOR HALL, corner First and Jasper.

HINDENBURG TELLS TROOPS WHAT WILL BE DONE FOR THEM

Amsterdam, Dec. 4.—The Berlin Zeitung, of Monday, says that Hindenburg has issued the following proclamation to his troops:
 "The preliminary work for a land of peace and a new order in progress will be pushed forward as rapidly as the situation of the land and the materials will permit. The returning soldiers will first receive the thanks of the country for more than four years work in a thousand battles, in which they were unbeaten. Hundreds of thousands of build-

AT UP IN BED TO GET HER BREATH

Palpitation of the heart, shortness of breath, inability to lie on the left side, feelings as if smothering, exposed feeling in the chest, dizziness and spells, tired, weak, worn out feeling, involuntary twitching of the muscles, sleeplessness, restlessness, etc., point to the fact that either the heart or nerves or both, are not what they should be. Any of these conditions should be remedied immediately as to avoid a complete breakdown of the whole system.
 Milburn's Heart and Nerve Pills will bring energy to the weakened constitution, strengthen and regulate the heart and tone up the tired, over-exhausted nerves.
 Mrs. William Stevens, Chemical N.B., writes: "I have been a sufferer from heart and nerve palpitation of the heart, which was so bad that I could not sleep without my breath. I could not get on my feet at all. I tried for several months, but no relief. I then tried Milburn's Heart and Nerve Pills. After I had used one box, I was feeling much better. I took in all three boxes and now I am in perfect health and can enjoy a good sound sleep, and I lie on my left side without any pain."
 Milburn's Heart and Nerve Pills are a box at all dealers, or mailed direct to you. Write to The T. Milburn Co., Limited, Toronto, Ont.

PRE-CHRISTMAS

SUIT LE!

FRIDAY - SATURDAY
100% WOOL SCOTCH TWEED SUITS

 Lieut. P. Dickinson, 44th.
 Lieut. J. Donovan, 24th.
 Lieut. G. Downey, 4th.
 Capt. G. Eaton, 46th.
 Capt. O. Erickson, 17th.
 Capt. G. Fenton, 44th.
 Lieut. P. Ferguson, 44th.
 Lieut. J. Flanagan, 27th.
 W. Gordon, 25th.
 Major S. Griffin, 4th.
 Lieut. H. Housgood, 25th.
 Capt. C. Holmes, 25th.

Evansville, Ill., Dec. 5.—Unless influenza conditions improve within the next 24 hours this city will be placed under quarantine. According to health Commissioner Roche today, an extra force of physicians have been asked to fight a new outbreak of the epidemic. There are 275 cases.

The Bulletin Has All The Local News

FLU FIGHT NOW TAKES PLACE IN RUSS DISTRICT

Reports of New Cases in Country Districts Show a Gradual Falling Off

The Minister of Health handed out the following statement to the press at noon Thursday:
 Two new places report, namely, Ribstone M.D. 16 cases.
 St. Lisa M.D. 11 cases.
 The nature of the battle that has been waged and is still being waged in what may be termed the Russian settlements may be gathered from the following figures:
 In the Myrnum field, being mostly in the vicinity of Ukrainian, which is twenty odd miles directly north of Marville, William Cheney, a thirty-year medical student has been working for four weeks. There were nurses and other helpers there, and of course the local doctors made occasional visits to different patients. The result in the municipality of Ukrainian is that 233 cases recovered, there are 140 cases, practically all convalescent and there were 36 deaths, that is, according to the figures handed in by Mr. Cheney, in this municipality there were 118 cases of flu all told.
 In the Smoky Lake district this department has had workers for many weeks, including Public Nurse, Thurston and a medical student and now Dr. Laford of Paken, who has just arrived, has been working for some time. He has been employed to give his whole time to the Smoky Lake district. This district has been reported by all workers, to be comparatively even with the rest of the special consular yesterday estimated that there were one thousand cases in the district.

WIFE DIES FEW DAYS AFTER HER HUSBAND
 Mrs. Merta Burns of Innisfree Passes Away From Flu on Sunday

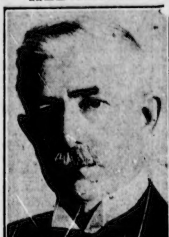

A very sad bereavement befell Innisfree on Monday when Mrs. Merta Burns, wife of Mr. Burns, died of influenza. When another much respected citizen, Mr. Burns, died of influenza a few days ago, the loss was felt all the more. Mrs. Burns' death and the death of her husband, who was a very successful business man, was a great loss to the community. Mrs. Burns was a very kind and generous woman, and her death was a great blow to her family. She was a devoted wife and mother, and her death was a great loss to her family. She was a very kind and generous woman, and her death was a great blow to her family. She was a devoted wife and mother, and her death was a great loss to her family.

NO DEATHS REPORTED.
 Sixteen new cases of influenza were reported to the city health officer till noon on Thursday, but no deaths were recorded at the local infirmary during the day.

HAVE DECLARED DIVIDEND.
 The Trust Company of Canada has declared a dividend of the rate of 10 per cent on the basis of the quarter ending 31st December, 1918.

EDMONTON BANK CLEARINGS.
 The bank clearings for the week ending 31st December, 1918, were \$4,817,813.25, a slight decrease from the \$4,817,813.25 of the week ending 24th December, 1918.
